Fresno Unified School District

Climate and Culture (CC) Surveys Opt-Out

- ***Climate and Culture (CC) Surveys**

Who: Parents, Staff, Students in Grades 3 - 12
When: Bi-annual District-wide Survey in Fall 2024 and Spring 2025, with optional mini-assessments year-round.
What: Confidential surveys to assess the climate and culture of our school sites and social-emotional learning of our students.

More information: Contact (559) 457-3837

While a number of assessments are implemented throughout our District to gauge academic performance, we believe that it equally important to consider the culture of our school sites and the social-emotional health of our students. We conduct the Climate and Culture (CC) Surveys to gather important feedback from our parents, staff, and students. Children in Grades 3 through 12 are required to participate during the year, by answering items designed to measure how they feel about their own inter-personal skills and the environment of their school.

The feedback we gather from our CC Surveys is carefully evaluated to ensure that we continue to provide high quality, rigorous learning experiences that meet the needs of our students and create an educational environment conducive for academic success.

All students in Grades 3-12 will participate in these surveys during class-time, unless we receive a completed opt-out form by **August 30th, 2024**.

Climate and Culture (CC) Surveys Opt-Out

This page is to OPT OUT of Fresno Unified district-wide CC Surveys.
