We Want You! This is your chance to infuse 21st Century Learning into your classroom. If you are interested in getting started with multimedia project-based learning, please attend the following orientation:

**May 19, 2008 @ CPD, Room 210
3:00PM–4:30PM**

Interested participants must:

- Be a Teacher in a 6-12 Core Content Classroom
- Have Access to student laptop cart or computer lab
- Attend scheduled trainings and meetings
- Be recommended by an administrator

Selected participants will develop professionally in the following areas:

Planning, implementing, producing, and publishing multimedia projects, such as audio podcasts, animated slideshows, screen-casts, and full-motion video.

Selected participants will benefit by:

Increasing student engagement and 21st Century skills, and receiving video camcorders, wireless slates, and various multimedia software.
