

What's Happening Now in Campus Culture?

Leadership students have been working very hard this semester and we are shocked that there is only two months left to go! We had some big plans and got much accomplished including a great start to the year with Link Crew, another amazing Breaking Down the Walls, fabulous football games, one Legendary Homecoming, an inspiring Fall speaker, and a character-filled October. Wow we have done great things together! Yet with two months left we still have a ton of things the students would like to accomplish.

Please review the list below and share it with the entire campus!

We need everyone's help finishing off the Fall semester...Determined to DOMINATE!

Please note that some of the events are coming QUICK! We apologize for not giving more advanced reminders... sometimes we have great intentions that fall short (that's why we need your support every day).

Also note that all events have been scheduled in advance on the calendar and thus far, no events have changed... yippee!

Please check our Hoover's Master Calendar for an advanced look at next Semester!

TODAY

Valley Link Crew Conference	Jake	500 from all over the SJV come to share their Link Crew ideas...
