

California Assessment of Student Performance and Progress (CAASPP) Assessment Opt-Out

➤ *California Assessment of Student Performance and Progress (CAASPP) assessments

Who: Students in Grades 3-8 and High School

When: March – May 2020

What: Adaptive assessments administered throughout California to measure students' academic performance.

More information: Visit <http://www.caaspp.org> or Contact (559) 457-3851

These tests were developed specifically to gauge each student's performance in English language arts/literacy (ELA), mathematics, and science. These assessments measure the skills called for by the academic standards, including the ability to write clearly, think critically, and solve problems. Because CAASPP tests are given statewide, they provide an opportunity to measure the skills of all students against the same academic standards. Given online, the tests are computer-adaptive, allowing more precise measurement of individual skills.

To learn more about these tests, please visit CDE's Test Score Guide Web site at <http://www.testscoreguide.org/ca>, which provides informative guides and test score descriptions as well as sample test items at different levels of difficulty.

Parents/Guardians have the right to exempt their child from statewide assessments pursuant to CA EdCode Section 60615.
