The Fresno Unified School District Board of Education approved this plan on: May 29, 2019

Title I SWP
The purpose of the School Plan for Student Achievement is to provide a comprehensive document providing details of site planned actions and expenditures as they relate to the goals of Fresno Unified. The plan supports student outcomes and overall performance in connection with the District’s Local Control and Accountability Plan and in alignment with the Four District Goals supporting the expectation that all students will be in school, on time and ready to learn every day.

1. All students will excel in reading, writing and math.
2. All students will engage in arts, activities and athletics.
3. All students will demonstrate the character and competencies for workplace success.
4. All students will stay in school on target to graduate.

Centralized Services - No Centralized Services are utilized at this time.
# Consolidated Program Assurances

The School Site Council (SSC) develops and revises the Single Plan for Student Achievement (SPSA) and the corresponding budget to be presented for approval to the Board of Education of the Fresno Unified School District annually.

The SSC, and all advisory committees, are formed in accordance with procedures established by federal or state law and regulations, and with membership parity as mandated. The advisory committees provide input on the SPSA.

The principal is an active member of the SSC and participates in regularly scheduled meetings throughout the school year. Classroom teachers, school staff, parents and students (secondary level only) are also participating members.

The school's SSC, staff and parents participate in a needs assessment to help guide SPSA development.

The members of the SSC, the school's English Learners' Advisory Committee (ELAC) and members of other advisory school committees receive information and data detailing the needs of students during the SPSA development process and the comprehensive needs assessment. Information for all significant subgroups includes the economically disadvantaged students, students with disabilities, gifted and talented students, English Learners, and foster youth.

School sites schedule SSC and ELAC meetings yearly to elect officers, designate representation for district meetings (DAC and DELAC), and provide input for the SPSA. ELAC may vote to consolidate with the SSC every two years.

Opportunities for parents to participate in the development of the SPSA are provided by all schools, as described in the Elementary and Secondary Education Act (federal law), California Education Code, and the policies and regulations of the Fresno Unified School District Board of Education. The SPSA includes strategies to improve parent involvement and examples of the Parent Involvement Policy and the Parent-School Compact.

Strategies to improve student achievement, meet measurable objectives, provide high quality professional development, and support struggling students through the use scientifically-based research are included in the SPSA. The SPSA reforms and supplemental funding provide opportunities for all students to meet state standards by extending learning time, supporting grade-level and school-level student transitions and providing social-emotional supports for students.

The Single Plan for Student Achievement is reviewed and revised during the first semester of each school year, and re-evaluated and re-written during the second semester of each school year for annual approval by the Board of Education.

#### Step 1: After selecting metrics, analyze the current ‘California School Dashboard’, relevant site data, current SPSA, and current budget to conduct a review and analysis and answer the questions below.

1. **Review Current SPSA and Budget. Describe the overall implementation of each action and explain the effectiveness in achieving the expected outcomes for the metrics in this goal.**

   **SBAC ELA 3-8, 11 - Meets or Exceeds Standards (grades 3-11)**
   
   While we expect to see growth in the results for the SBAC ELA assessment, the current target of 50% would have required a 26% increase in meets/exceeds standards. The target was adjusted for the 2019-20 SPSA to 35%.
   
   Resources include:
   
   - Springboard GVC
   - AC work dedicated to creating and analyzing Common Formative Assessments and student work
   - Learning and implementation of SBAC Interim Assessment Blocks (IABs)
   - Focused professional learning around academic discourse and social emotional learning.
   - Partnership with PLI to incorporate technology in lessons and enhance instruction for students.

2. **Identify resource inequities or other key factors that contributed to the disproportionality of low-performing student groups.**

   **SBAC Math 3-8, 11 - Meets or Exceeds Standards (grades 3-11)**
   
   Current math curriculum and sequencing for SPED students should be examined, as there does not seem to be a clear direction for closing the gap for students who are in SDC-level Math classes below Algebra 1.
   
   Additionally, a specialized intervention may be necessary for students who enter 9th grade below grade level.

   **Completing AP/IB Courses with Credits Earned (HS)**
   
   Those students consistently attending APAL tutorials have exhibited higher level of connectedness and ownership of their AP success.
   
   Involvement efforts (AP lunch line days, AP night at sporting events, AP recognition) are promising and gaining momentum.
The target for the percent of students who meet/exceed standards on the SBAC ELA assessment was adjusted to 35% (from 50%) for the 2019-20 SPSA. Although we have the goal of all students demonstrating proficiency at grade level, we also know that we are working to move students a minimum of one grade level every year. We will continue to prioritize subject area Accountable Community work dedicated to creating and analyzing Common Formative Assessments and student work, plan and implement the SBAC Interim Assessment Blocks (IABs) throughout the school year in both ELA and Math, focus professional learning on culturally responsive teaching, and continue our partnership with both PLI and EL Services. Additionally, we plan to build in a separate “intervention” time during the school day for two days of the week.

**Step 2:** Briefly describe any major differences between the intended and actual implementation of actions and budget expenditures to meet this goal.

Increase in BIA staffing has supported students in language acquisition and confidence on campus.

Increased focus on technology acquisition and sustainability has provided students more access to tech resources on a consistent basis. That focus will continue toward a goal of one fully functioning tablet/laptop cart in every core subject classroom.

Working through ASP has provided much needed tutoring opportunities for students. Dedicated time for intervention and school connectedness is being structured for 18/19 school year.

**Step 3:** As a result of the analysis from Steps 1 and 2, describe any changes that will be made in this goal, annual metrics, and actions to achieve this goal. Identify where those changes can be found in the upcoming 2019-2020 SPSA.

Changes in CELDT assessment tool impacted redesignation rate.

ELD instruction was supported through categorical funds, increasing contact hours for designated ELD.
Step 4: Stakeholder Involvement. Share the data and analysis with the School Site Council (SSC), English Learner Advisory Committee (ELAC) and school staff, as required. Record feedback and suggestions from each group below.

1. **SSC:**
   - Student Supports:
     - Increase technology resources
     - Tutoring
     - After School Program
     - Strengthen school-home communication of supports

2. **ELAC:**
   - Student Supports:
     - Additional bilingual assistants
     - Tutoring
     - After School Program
     - Strengthen school-home communication of supports

3. **Staff:**
   - Dedicated time for intervention
   - Continuance of Accountable Community time

### Action 1

**Title:** Successful completion of Literacy and Mathematics Coursework

**Action Details:**

Student learning will be demonstrated through successful completion of literacy and mathematics coursework, resulting in a reduction in the D/F rate in those courses and an increase in the number of students scoring “meets or exceeds standards” on FUSD Interim Assessments and CAASPP.

**Reasoning for using this action:**

- [x] Strong Evidence
- [ ] Moderate Evidence
- [ ] Promising Evidence

### Explain the Progress Monitoring and data used for this Action

**Details:** Explain the data which will specifically monitor progress toward each indicator target

Effective instruction will be evidenced through student demonstration of Schoolwide Learner Outcomes. Demonstration will be through reflective student writing, conversation, self-evaluation of progress and teacher evaluation of students’ progress toward meeting SLOs.

Students will be:

- Effective Communicators
- Complex Thinkers
- Self-Directed Learners
- Collaborative Workers
- Community Participants

**Owner(s):** All Roosevelt Staff

Describe Direct Instructional Services to students, including materials and supplies required (curriculum and instruction):

- Students will receive access to a rigorous, common curriculum framework and student-centered classrooms
- Math GVC: Big Ideas
- ELA GVC: Spring Board
- Science/Literacy: NGSS framework and practices
- HSLS/Literacy: text adoption
- Other literacy and technical subject disciplines
- Students will have consistent access to technology, software, digital resources, and other supplies to support rigorous coursework.
- Technology refresh will occur on a rotating basis, oldest resources will be refreshed first.
- ELA and Math teachers will utilize technology to support and differentiate learning through PLI (Personalized Learning Initiative)
- As funds are available or unused in categories other than those supporting technology purchase and maintenance, those funds may be transferred and utilized to purchase, support and maintain provision of technology resources.
- Students will have access to online support, including Khan AcademyCollege Board, Big Ideas Online, Spring Board Online, and other content oriented ancillary and expert sites
- Student planners will assist in developing organizational and planning skills necessary for academic success
- First intervention will take place in the classroom in real time.
- Additional intervention/enrichment support will take place in individual classrooms, specialized tutorials and Learning Labs, and with the implementation of specific intervention period during the school day.
- All students will participate in Homeroom/Advisory periods in support of school connectedness and intervention
- An Assessment Coordinator Teacher on Special Assignment (.5)
- Full time Intervention Specialist for Tier II interventions
- Tier II Intervention team, including: Vice Principal, Psychologist, Intervention Specialist, and other staff as necessary

Specify enhanced services for EL students:

- All teachers will utilize best practices in support academic language acquisition
- Bilingual Instructional Assistants (BIAs) will provide direct support in classrooms to newcomer English Learner students

Specify enhanced services for low-performing student groups:

- All teachers will utilize best practices in support academic language acquisition to support English Learner students, as well as increase access to content for students who have struggled academically, including homeless/foster youth, and SPED students.
Action 2
Title: A-G Offerings and Completion

Increase the number and percentage of students who are on-track for graduation and A-G completion. Encourage a college and career-going culture by increasing the number and percentage of students who meet A-G Competitive Eligibility criteria, by increasing the percent of students who are on track to complete 19 A-G courses and have a grade point average of 3.0 or higher. Focus on effective first instruction, support for students struggling academically, and multiple opportunities for students to demonstrate proficiency throughout the semester.

Describe Direct Instructional Services to students, including materials and supplies required (curriculum and instruction):

- All teachers utilize best first instruction practices, and differentiated instruction, at the rigor of the Common Core State Standards.
- Academic counseling to promote academic success.
- Access to supplemental materials and supplies, including technology and digital resources to support learning.
- Computer Lab Assistant (6 hr, 0.75 FTE) to support technology and digital resources to support learning.
- Maintenance of school copy machines to support access to resources.
- After school tutoring for all grades, with a specific focus on 9th and 11th grade access to both teachers and student peer tutors.
- Credit recovery opportunities on and off campus, during and after school hours.
On-track and borderline 10th grade students to visit a UC or CSU campus
Supplemental materials to support and encourage student achievement and improved performance in all curricular areas
First intervention will take place in the classroom in real time.
Second intervention will occur outside class time, in small groups or one on one, supported by teachers and/or After School Program, Learning Labs, peer tutors
Supplemental contracts for tutoring and intervention supports
Intense intervention/remediation will be through credit recovery, assigned prescribed tutorials, ELSP.
Assessment and Data TSA (.5)
Incentives for successful completion of coursework through Honor Roll and other recognition events.

Specify enhanced services for EL students:
- All teachers will utilize best practices in support academic language acquisition
- Bilingual Instructional Aides will be available in classrooms to provide primary language support for beginning EL students
- Quarterly monitoring of RFEP students
- Specific strategies to support learning needs of students in and outside the classroom
- EL Program TSA (.5)

Specify enhanced services for low-performing student groups:
- All teachers will utilize best practices in support academic language acquisition
- Tier II Intervention support team to work with specific students based on need
- A4 Team will provide support for student success through both academic advising and access to an A4 Student Center on campus.
- Ongoing PL focused on supporting students with specialized needs.

Explain the actions for Parent Involvement (required by Title I):
- Encourage Edutext enrollment and provide technology access in the Parent Center
- Require parent meetings for students who are considered severely off-track (two or more F grades)
- Parents will be encouraged to participate in informational meetings, including Back to School Night, Open House, grade distribution nights, and Academic Awards ceremonies, etc.
- Parent learning opportunities will be provided through the Parent Center, with the support of two Community Relations Liaisons and Parent University
- Encourage parents to attend college-going informational sessions, including information on UC and FAFSA

Describe Direct Instructional Services to students, including materials and supplies required (curriculum and instruction):
- Students will receive access to a rigorous curriculum framework and student-centered classrooms
- Students will have access to "pre-AP" coursework, including the Native Speaker sequence, World Language coursework and progressions leading to AP opportunity for all 9th and 10th grade students to engage in preparations for PSAT.
- Students will have access to technology, software, and other supplies to support in preparations for rigorous coursework.
- Students will have opportunities to complete original credit courses through Edgenuity, allowing them flexibility in their schedules and course loads.
- Student planners will support organizational/planning skills necessary for academic success.
- In preparation for writing requirements in AP, classroom focus on writing opportunities in all subject areas.
- First intervention will take place in the classroom in real time.
- Second intervention will occur outside class time, in small groups or one on one, supported by teachers and/or After School Program, peer tutors and AP tutorial (APAL) sessions.
- AP Coordinator will support the organization and collaboration of AP teachers focused on increasing and maintaining AP enrollment.
- Assessment and data Coordinator TSA (.5)

Specify enhanced services for EL students:
- All teachers will utilize best practices in support academic language acquisition.
- Provision of non-school time to utilize technology and resources to support learning needs outside the classroom.
- Intentional recruitment of EL students.
- EL Program TSA (.5)

Specify enhanced services for low-performing student groups:
- Intentional recruitment of English Learner students to participate in "pre-AP" and AP coursework.
- Support for African-American students through the A4 Team to help students be on track in courses and encourage enrollment and support in higher-level, rigorous coursework.

Explain the actions for Parent Involvement (required by Title I):
- Parents will be encouraged to participate through AP Parent Night, AP recognition events, etc.
- Service on decision-making committees such as SSC and ELAC.
- Parent learning opportunities provided through the Parent Center.
- Community Relations Liaisons (2) working in the Parent Center on-site.
- Parent-Tutor, a designated resource center maintained on the Roosevelt website. The tab will contain.

Describe Professional Learning related to this action:
- AP Training for all AP teachers.
- Teacher collaboration focused on improving students outcomes in AP classes, as well as opportunities to meet outside of the school day.
- APAL support structure for AP teachers.
- District professional learning for Math and ELACCSS and new materials adoptions.
Action 4
Title: EL Redesignation

Action Details:
Focus on fully supporting English Learners in their language acquisition process. Including designated and integrated ELD instruction, close monitoring of redesignation rates and growth in language acquisition.

Describe Professional Learning related to this action:
Parent participation:

- ELAC
- Grade distribution nights
- College Nights
- Freshman Parent Nights
- Open House/Back to School
- Title I Parent Meeting
- Ongoing parent involvement invitations, whole site and Parent Center
- Notification of ELPAC timing, progress, and redesignation

- Professional learning through intentional collaboration with EL Program TSA and Instructional Coach with an emphasis on developing lessons with high impact EL strategies and learning activities.
- PL on implementing the ELD and State Standards
- Sub release for teachers for EL planning and PL opportunities
- Continued emphasis on Academic Vocabulary in all subject areas
- EL instructional focus across the curriculum, structured interactions, complex thought, talk, and text

Goal 2 - All Students will engage in arts, activities, and athletic

Needs Assessment

Step 1: After selecting metrics, analyze the current 'California School Dashboard', relevant site data, current SPSA, and current budget to conduct a review and analysis and answer the questions below.

1. Review Current SPSA and Budget. Describe the overall implementation of each action and explain the effectiveness in achieving the expected outcomes for the metrics in this goal.

   **Goal 2 Participation Rate**
   
   For the current school year, we increased efforts of student leadership students to engage non-participating students, added recruitment efforts to engage students in athletics, as well as recruitment efforts for RSA enrollment and participation in arts electives. While we encourage our students to participate in activities outside of the classroom, we recognize that we are also holding students to high expectations for achievement inside the classroom. While participation in extra-curricular activities encourages students to be better in class, we understand that students have to balance priorities for their time. We will continue recruitment efforts to get students involved in Goal 2 activities for the 19-20 school year.

2. Identify resource inequities or other key factors that contributed to the disproportionality of low-performing student groups.

   **Goal 2 Participation Rate**
   
   Students in our low-performing groups, English Learners, SPED, and homeless/foster youth, find themselves in the position of needing to earn additional credits, from prior failing grades, so they can be on track to graduate. These Students in need of credit recovery do not have room in their schedules for elective courses that qualify as a Goal 2 measure as they recover credits through APEXEdgenuity during the school day. The need to focus on this coursework, in addition to potentially extra courses during their day for credit recovery, can make it difficult for students to participate in after-school activities.

Step 2: Briefly describe any major differences between the intended and actual implementation of actions and budget expenditures to meet this goal.

There were no major differences in intended and actual implementation of actions to meet this goal, and budgetary expenditures that are earmarked to support arts and activities are utilized to support access and materials for students.

Step 3: As a result of the analysis from Steps 1 and 2, describe any changes that will be made in this goal, annual metrics, and actions to achieve this goal. Identify where those changes can be found in the upcoming 2019-2020 SPSA.

The changes necessary to this goal were to reduce the target level to allow for a reasonable growth (9%, as opposed to 19%), and to focus on supporting students academically so that extra responsibilities for earning credits and keeping up with coursework becomes less of an obstacle for participating in extra-curricular activities. We plan to continue recruiting students to participate in these opportunities.
Step 4: Stakeholder Involvement. Share the data and analysis with the School Site Council (SSC), English Learner Advisory Committee (ELAC) and school staff, as required. Record feedback and suggestions from each group below.

Step 1: After selecting metrics, analyze the current ‘California School Dashboard’, relevant site data, current SPSA, and current budget to conduct a review and analysis and answer the questions below.

1. Review Current SPSA and Budget. Describe the overall implementation of each action and explain the effectiveness in achieving the expected outcomes for the metrics in this goal.

   **CTE Enrollment**
   We have effectively increased communication and recruitment efforts at our feeder middle schools and district wide program events, to encourage more students to enroll in CTE classes and pathways. Additionally, we have increased course offerings for CTE on site to ensure that students have options for completing a full CTE pathway. The work we have done in the area of pathways and CTE has been successful, as we have expanded course offerings and student interest.

   **Linked Learning Enrollment**
   We have effectively increased communication and recruitment efforts at our feeder middle schools and district wide program events, to encourage more students to enroll in CTE classes and pathways. The work we have done in the area of pathways and CTE has been successful, as we continue to have a strong health pathway, and we have been successfully building our new public safety pathway, allowing us to expand course offerings.

   **College/Career Readiness**
   As this measure is related to A-G completion, grades in required courses have been a limitation for some students, although we are increasing student access to CTE and linked learning pathways to ensure more students are college/career ready.

2. Identify resource inequities or other key factors that contributed to the disproportionality of low-performing student groups.

   **CTE Enrollment**
   CTE enrollment is available for all students, and we have found that ensuring a variety of CTE courses allows for our lower-performing student groups to access these important classes. The challenge becomes when a student is required to make up credits for a class that was previously failed, and they do not have space in their class schedule for these CTE classes.

   **Linked Learning Enrollment**
   Linked learning enrollment can be difficult for lower-performing student groups due to the need for other classes, or lack of interest because of the career field (such as health).

   **College/Career Readiness**
   Limitations for lower-performing groups are created by not earning course credits and putting them at risk of not graduating. This requires that they enroll in make-up courses for credits and potentially have less opportunity to take CTE/career courses.

Step 2: Briefly describe any major differences between the intended and actual implementation of actions and budget expenditures to meet this goal.

There were no major differences in intended and actual implementation of actions to meet this goal, and budgetary expenditures that are earmarked to support CTE and college/career readiness are utilized to support access and
Step 3: As a result of the analysis from Steps 1 and 2, describe any changes that will be made in this goal, annual metrics, and actions to achieve this goal. Identify where those changes can be found in the upcoming 2019-2020 SPSA.

The changes necessary to these goals are to continue to provide access opportunities for all students and to focus on supporting students academically so that extra responsibilities for earning credits and keeping up with coursework becomes less of an obstacle for participating in CTE/electives courses.

Step 1: After selecting metrics, analyze the current 'California School Dashboard', relevant site data, current SPSA, and current budget to conduct a review and analysis and answer the questions below.

1. Review Current SPSA and Budget. Describe the overall implementation of each action and explain the effectiveness in achieving the expected outcomes for the metrics in this goal.

   **Chronic Absenteeism**
   Improving chronic absenteeism has been a challenge, as we have focused on continued contact with students who are absent, but sometimes students leave for extended periods of time with families or they miss school due to effects of living in poverty or trauma. We have made progress with reducing the amount of “on campus” absences, as new protocol was put into place to work with students who are choosing not to go to class. Other students have attendance levels affected by transportation issues, where families work to get multiple students to different schools. Other causes for attendance issues are students feeling lack of connection to the school and adults at school. We have made positive gains in these areas, especially with the implementation of a regular Homeroom class, where teachers can connect with students outside of the standard academic setting. We recognize the need for incorporating intentional instruction that is compelling and culturally relevant, and to continue providing positive reinforcement for both students and teachers.

   **Suspensions Per 100**
   The suspension rate at Roosevelt has been positive, although the % may not be reduced enough to reach the target. Still, we have one of the lowest suspension rates in the district, and we have implemented many supports into our school system to help ensure we can keep as many students in school as possible. Factors that our students experience that can lead them to be suspended include: Social-emotional issues, feeling helpless with ability to be successful at school, adults at school not understanding students lives outside of school and may not have ability to diffuse difficult situations with students, lack of adult follow-up, and not feeling valued at school. We continue to implement restorative practices at school, as much as we can to support both students and teachers. The addition of a regular Homeroom period has

2. Identify resource inequities or other key factors that contributed to the disproportionality of low-performing student groups.

   **Chronic Absenteeism**
   All of the same factors listed in #1, but situational aspects exacerbate the problem for students who are in certain subgroup, including homeless/foster youth, English Learners, and SPED students. For instance, for a student with a solid home structure may not develop attendance issues due to the factors listed in #1, but they may have a dramatic effect on students who are homeless or in foster care. The need social-emotional support and curriculum/Instruction that is more culturally relevant impacts homeless/foster youth, English Learners, African-American students, and SPED students. Students in certain subgroups can feel marginalized in our current system, and question more the usefulness of coming to school. Some students, including English Learner students, may feel less comfortable in their classes, due to language barriers, and we have found that some students with learning disabilities struggle being in the classroom.

   **Suspensions Per 100**
   Factors in #1 are enhanced by poverty, social-emotional needs/skills, lack of consistent support system, lack of cultural understanding by some staff, traumatic living situations can trickle over to school setting which affects our homeless/foster youth, African-American students, and our SPED students.

   **Student Survey - Caring adult**
   All of the same factors listed in #1, but situational aspects exacerbate the problem for students who are in certain subgroups, such as our homeless/foster youth, English Learners, African-American students, and SPED students.

   **Parent Survey - Respected and welcomed**
helped to create more connectedness to school.

**Student Survey - Caring adult**

Students can feel disconnected from the school culture, as well as peer and/or adult support systems. Parental/adult involvement and follow-up/through can be limited as well, as parents tend to be less involved in the school process as students get older. We have made positive gains in these areas, especially with the implementation of a regular Homeroom class, where teachers can connect with students outside of the standard academic setting. Additionally, through the African-American Academic Acceleration (A4) program, we have a teacher. We recognize the need for incorporating intentional instruction that is compelling and culturally relevant, and to continue providing positive reinforcement for both students and teachers.

**Parent Survey - Respected and welcomed**

We have multiple avenues for parents to connect and be involved at school, and we have worked to incorporate systems to provide parents with two-way communication with the school. Still, some parents are uncomfortable contacting school officials, whether it is due to cultural or language differences. We provide regular seminars for parents and opportunities for parents to connect with school for information and questions. Additionally, a BSUA (Black Student Union Alliance) was created on campus to allow for parents to come together to discuss issues with the campus and support our students.

**Graduation Rate**

We have worked very hard to provide opportunities for students to earn, or recover, credits towards graduation. This has been successful, with our graduation rate exceeding 90%. Students have access to a full schedule of courses, and the ability to take courses for credit recovery during the school day.

---

**Step 2:** Briefly describe any major differences between the intended and actual implementation of actions and budget expenditures to meet this goal.

We increased Bilingual Instructional Aide (BIA) staffing to provide additional support to students working on language acquisition and confidence on campus. Working through ASP has provided much needed tutoring opportunities for students. Additional dedicated time for intervention and school connectedness is being structured for 19/20 school year. We expanded the A4 academic mentoring to include an "A4 Center" on campus, providing a set location for students to promote cultural education and support. We have also made multiple opportunities for parents to connect and be involved at school, as well as multiple avenues for communication with parents.

**Step 3:** As a result of the analysis from Steps 1 and 2, describe any changes that will be made in this goal, annual metrics, and actions to achieve this goal. Identify where those changes can be found in the upcoming 2019-2020 SPSA.

We have made adjustments to the metrics for chronic absenteeism, student survey and parent survey, to ensure that the targets we set are realistic and achievable. We will continue with the current systems and support programs in place to help students and staff, and anticipate the addition of a specific instructional period that can provide further opportunities for intervention and connectedness.

**Step 4:** Stakeholder Involvement. Share the data and analysis with the School Site Council (SSC), English Learner Advisory Committee (ELAC) and school staff, as required. Record feedback and suggestions from each group below.
