The Association of California School Administrator's Fresno Consolidated Charter is proud to announce their first annual Golf Tournament to benefit the Fresno Unified School District's Scholarship fund. Each year Fresno Unified awards scholarships to graduates pursuing post-secondary education and is supported by both employee and public contributions. These scholarships have made a great impact financially for students in need. We invite you to participate either as a sponsor or golf participant.

The Association of California School Administrators is the largest umbrella organization for school leaders in the United States, serving more than 17,000 California educators. ACSA's top priority is advocating for public school students in kindergarten through grade 12, as well as adult learners. Our mission is to be the driving force of education in California and beyond. **For more information on the Fresno Consolidated Charter Scholarship Tournament, please call Susan Bedi at 559.304.6053**
