MEDIA ADVISORY

Design Science and Patiño High Schools will hold College & Career Fair

What: Students at Design Science Middle College High School and Patiño School of Entrepreneurship will explore colleges and careers

When: Friday, April 27, 2018
10:30 a.m.-1:30 p.m.

Where: Patiño School of Entrepreneurship
2000 E. Cambridge Ave. (93703)

Design Science Middle College High School and Patiño School of Entrepreneurship will hold a College & Career Fair to help students chart their path beyond high school. The fair will feature representatives from Fresno City College’s Social Sciences Department, the Academy of Art University, UEI College, UC Merced, Clovis Community College, Fresno State’s Educational Opportunity Center, Agape College of Business & Science, UC Davis and Fresno Pacific University. The fair will also host representatives from a variety of employers.

At Design Science, students have the opportunity to enroll simultaneously in classes at Fresno City College and earn an associate degree by the time they graduate from high school. Patiño offers integrated, project-based learning that fosters real-world skills.

“When students are able to meet one-on-one with employers and college representatives, it helps them make decisions about their future beyond high school and they may discover opportunities they had not considered,” said Superintendent Bob Nelson.
