The district will hold a Fresno Unified Skateboard Championship for middle school and high school students. The district launched skateboarding clubs at several campuses in the spring of 2015 as another way of engaging a broader group of students. The annual district competition gives the clubs from the various campuses the opportunity to compete together. It is part of the district’s emphasis on Goal 2: All students will engage in arts, activities and athletics. Students can win a prize at the tournament by posting their best trick to #fusc2018.

“We are continually looking for ways to engage all of our students in activities beyond the classroom, to better connect them with adults on campus and their peers in a fun way and to encourage school spirit,” said Superintendent Bob Nelson.
