Edison and Fresno high schools will hold special signing ceremonies for seniors who have committed to go to college. The academic signings will take place in front of fellow students, counselors, teachers and administrators in special ceremonies. Lunch will also be provided to students afterwards. Dr. Joseph Castro, president of Fresno State, will serve as the keynote speaker at Fresno High’s signing event.

Bullard High School will be unveiling a senior wall, which will display where each senior has decided to attend college. The annual event allows seniors and their classmates to witness the unveiling, take pictures and celebrate.
“Our students have worked very hard to get to this next step in their lives. We’re excited our schools have planned celebratory events to honor their accomplishments,” said Superintendent Bob Nelson.
