MEDIA ADVISORY

Computech Students Learn About Engineering with “Cardboard Boat Regatta”

What: Cardboard Boat Regatta

When: Friday, September 21, 2018
9:20 a.m.

Where: Edison High School Pool
540 E. California Ave. (93706)

Students at Computech Middle School will learn about engineering by participating in a Cardboard Boat Regatta as part of their Engineering Design class. Approximately 140 students, working in groups of two or three, will attempt to complete a watercourse in boats they made from cardboard and tape. They will have to paddle through a 60-meter course in the swimming pool at the Edison High School Aquatics Center.
