MEDIA RELEASE

McLane Celebrates Completion of Quad

What: McLane will hold a ribbon-cutting ceremony to celebrate the completion of a renovated quad area

When: Tuesday, Jan. 8, 2019
8 a.m.

Where: McLane High School
2727 N. Cedar Ave. (93703)

McLane High School and the McLane community will celebrate the completion of a new quad area, one of several improvement projects over the last few years on the campus. The quad area renovation features an enhanced campus gathering place with improved pedestrian circulation, new benches, low-water trees to replace older trees, new hardscape and concrete pathways with improved accessibility, and landscaping with better irrigation. The project was funded by Measure X, the local school bond passed by voters in 2016, and approved by the Fresno Unified Board of Education in June. The student-led ribbon-cutting ceremony will include a speech by student body president Mayra Carrillo and a muffin for every student, welcoming them back from winter break.

“This new quad area is a great addition to the McLane campus, providing an even better space for students to gather. This is one of the many projects across our district that would not have been possible without our community’s support for Measure X,” said Superintendent Bob Nelson.
