MEDIA ADVISORY

Students will Attend Manufacturing Summit, Showcase Projects

What: Students from district high schools will learn about manufacturing job opportunities and display projects at Valley Made Manufacturing Summit

When: Thursday, May 2, 2019
9:30-11:30 a.m. (student participation)

Where: Fresno Convention Center (student projects in Exhibit Hall)
848 M St. (93721)

Students and teachers from Bullard, DeWolf, Duncan, Edison, Fresno, Hoover, Patiño School of Entrepreneurship and Sunnyside high schools will participate in the Valley Made Manufacturing Summit to learn more about career opportunities and network with potential employers. The San Joaquin Valley Manufacturing Alliance will provide space for all district high schools to present career pathways, programs and courses related to manufacturing, as well as student projects. Students will have the opportunity to interview with local employers for jobs, internships and job shadow experiences.

“Being part of the manufacturing summit is a great way for our students to meet potential employers and learn more about the vast opportunities in this area’s manufacturing industry,” said Superintendent Bob Nelson.
