Approximately 30 students from the Adult Transition Program (ATP) will be recognized during a special promotion ceremony, the first to be held in ATP’s renovated facility. ATP serves 185 district students ages 18-22 with developmental disabilities. The program offers training, support and education, with the goal of helping students become as independent as possible. This year’s promotion ceremony recognizes the largest number of students since the program began in 2009.

“This special promotion ceremony celebrates our ATP students as they move on to a new phase in their life, taking with them skills to help them be self-sufficient and as independent as possible,” said Superintendent Bob Nelson.
