MEDIA ADVISORY

Design Science Middle College High School Launches Senior Celebrations

What: Fresno Unified begins its virtual recognition of seniors with a celebration for Design Science Middle College High School

When: Thursday, May 21, 2020
       7 p.m.

How: PBS Channel 18, Comcast XFinity Channel 94 or AT&T U-Verse Channel 99, as well as fresnounified.org

Virtual celebrations for all of the district’s high school programs begin with Design Science Middle College High’s and continue through June 3. Each celebration will recognize all seniors and include student and staff videos; messages from the board of education, superintendent and principal; and certification of graduates.

Design Science is a specialty high school that offers dual enrollment in Fresno City College classes. All of its seniors have been accepted into a four-year university and a record 93% of this year’s senior class earned associate degrees as well as their high school diploma.

“What a great start to our graduation season, to celebrate the huge accomplishments of our Design Science seniors, who will be attending Stanford, MIT and a number of other prestigious universities. While these are not the ceremonies our students may have dreamed of, there is nonetheless so much to celebrate and so much to be proud of,” said Superintendent Bob Nelson.
