Sixth-Graders Going to Outdoor School

Throughout the fall and continuing through the school year, about 6,000 sixth-graders from the district will experience learning far beyond their classrooms, attending outdoor school in the Sierras. In 2015, the district launched a new initiative to make sure all sixth grade students have the opportunity for hands-on learning in an outdoor education program. The outdoor enrichment trips are part of the district’s continued focus on Goal 2 -- All students will engage in arts, activities and athletics toward achieving college and career readiness. School groups either go to camp at Calvin Crest near Oakhurst, Green Meadows in Fish Camp or Sierra Outdoor School in Sonora.
