The Center for Disease Control and Prevention, or CDC, is also providing updates. A letter was sent to parents and the community on February 11. The letter is available on the district’s home page and on PeachJar. The health risk to the general public in California from COVID-19 continues to remain low. Cases involving children are limited, but there are precautions to prevent the spread of any infectious illness, like a cold or the flu. You can do your part to reduce the spread of germs by remembering these key everyday precautions:
  - If you are sick, stay home; Avoid close contact with those already sick; Cover your nose and mouth when coughing or sneezing with a tissue or the crook of your arm; Wash your hands often with soap and water. If you don’t have access to soap and water, hand sanitizer with alcohol content of 60% or more is a great alternative; Avoid touching eyes, nose or mouth; In addition, custodians are cleaning classrooms and common areas each day as part of their everyday cleaning routine.
- Reminded everyone to look for the 2020 Census arriving at homes mid-March. A correct count will help ensure our students, families, and community are represented accurately. Census Day is on April 1.
