District Services

The McKinney-Vento Act defined homelessness as "lacking a fixed, regular, stable & adequate nighttime residence. Our program offers families & students who are currently in transition to apply for Project ACCESS services and receive upon meeting criteria.

Students in foster care automatically receive Project ACCESS services and have the right to remain at their school of origin if it is in the student's best interest.

Project ACCESS provides student support to all enrolled students in the program through various qualified staff members to ensure their social, emotional, and academic needs are met.

Parent/Guardian Responsibilities

Parent/guardian it is your responsibility to ensure that your child/ren are enrolled.

Parents/guardian be sure to inform your child's school if there are any changes to your address. It is important that you notify the school and Project ACCESS immediately upon relocating.

Affidavits are required to be completed annually as they are only good for the current academic school year. Families will receive a reminder notification to reapply if their status of housing has not changed.
