Fresno Unified's Parent University will hold a back to school event to welcome families back with resources and tools to start the new school year. The first-come, first-served event will provide backpacks, school supplies, haircuts, and resources for students and families. Families will have the opportunity to learn more about the ATLAS Parent Portal, and preschool registration will be available on site. Parent University is designed to empower, engage, and connect families to district and community resources that support student achievement.

"This is a great way to launch the new school year, and is a great opportunity for our families to connect and to learn more about the services that our Parent University offers," said Superintendent Bob Nelson.
